KLK High School Scholarship Program

This program began in the fall of 2010 to encourage students to stay in school. Kino high school students are required to pay tuition to attend the three years required for graduation. The program helps students by paying registration fees, tuition and books.

The program is funded completely through goodwill donations. Some families also choose to financially support a specific student through the program.

It costs **\$100 US, \$135 Canadian or 1,700 pesos** to support one student for one semester. The only requirement to continue in the program for three years is to maintain a semester average of **80% or greater**.

For the **2025/2026 school year**, the KLK Scholarship Program has **47 students: 16 seniors, 16 juniors and 15 sophomores**. The program has **19 students with private sponsors**.

Donations are always welcome and are accepted throughout the year in any amount. If you would like to make a donation or sponsor a specific student, please contact one of the Scholarship Committee members:
